

## CREATING YOUR PROGRAM PLAN

It is recommended that every student create a plan of completion of their required courses. The BAC Program currently requires the completion of the courses listed below. Although it is advisable to complete your courses in the order listed, it is not required. It is required that BAC 11 is completed as your first course. You are required to complete all seven of the core BAC courses before you are permitted to enroll in the Capstone class - BAC 38 - Business Strategy. BAC 38 cannot be taken concurrently with any other class.

The proposed course schedule on the right shows the classes that will be offered in the fall, winter and spring session terms. Fall and winter classes are offered once per week on either Monday or Wednesday. Spring session classes are two evenings per week and may be either Monday/Wednesday or Tuesday/Thursday. It is important to carefully plan your program completion, as some classes are only offered in certain terms (ex. BAC 38 is only offered in term 2).
